

Scellement & Positionnement Poteaux - Modulo

Platine - Bardage de Fond, Latéraux & Retour Avant (2 Modules)

The image is a technical drawing of a mechanical linkage system, likely for a guitar bridge. It consists of two main views: a top view and a side view.

Top View: Shows a central body outline with two vertical bars. The left bar is labeled 'P' and has a blue arrow pointing downwards. The right bar is also labeled 'P' and has a blue arrow pointing to the right. The drawing includes various labels such as 'A', 'B', 'M', '9', '4', '94', '1', '2', 'M8', and 'P'. The drawing is a black and white line drawing with some blue highlights.

Side View: Shows a complex arrangement of levers, pivots, and springs. The drawing includes various labels such as 'A', 'B', 'M', '9', '4', '94', '1', '2', 'M8', and 'P'. The drawing is a black and white line drawing with some blue highlights.
